

## KD331B 1 to 11 DVD / CD Duplicator Kit (16x)

### DVD Duplicator Kit Features

This easy to assemble 1 to 11 DVD duplicator kit contains all the items you need to build a great quality DVD and CD duplicator. We take the time to optimise every component to meet our recommended configuration, saving you time and money. Not only that, our continuous testing and improvement of kit configurations means you have the peace of mind knowing that the kit will assemble into a high quality DVD duplicator solution which incorporates the latest media compatibility. This kit contains our top of the range controller which and is ideal for regular professional use. If you add a hard drive to the setup (optional) then this duplicator will duplicate at 16x DVD speeds.

The resulting duplicator will have the following features:

- ★ Standalone operation - no PC required.
- ★ Copy directly from disc to disc - no need to store data on a hard disk.
- ★ Large 128 mb buffer.
- ★ Streamlined buffer optimisation™ - supports 8x speed Disc to Disc writing to all nine writers.
- ★ Auto start technology™ - no need to press go if the maximum number of copies required.
- ★ Auto format recognition™ - automatic detection and selection of master disc format.
- ★ Ability to duplicate most DVD formats including both DVD-R and DVD+R.
- ★ Ability to duplicate most CD formats including CD-R and CD-RW.
- ★ Unique cross format duplication - copy your data from DVD-R to DVD+R and vice versa.
- ★ Copy and compare option to compare the master to the copies (doesn't apply to audio discs).
- ★ Batch counter - counts the number of successful copies from your master DVD or CD.
- ★ Stable, consistent duplication performance - reliable performance when using quality media.
- ★ Excellent price to performance ratio - ideal for reliable low cost DVD or CD duplication.
- ★ DirectFlash™ support - supports direct firmware updates of fitted drives "in situ". Saving you

*Build your own 1 to 11 DVD duplicator kit with this pre-configured kit. All you have to do is assemble it!
