

KC205 1 to 9 CD Duplicator Kit

CD Duplicator Kit Features

Build your own 1 to 9 CD duplicator with this kit. Once assembled the duplicator will replicate upto nine cd's in minutes.

This easy to assemble 1 to 9 CD duplicator kit contains all the items you need to build your own great quality CD duplicator. Every component is optimised to meet our recommended configuration, saving you time and money. Not only that, our continuous testing and improvement of kit configurations means you have the peace of mind knowing that the kit will assemble into a high quality CD duplicator solution which incorporates the latest media compatibility.

The resulting duplicator will have the following features:

- ★ Standalone operation - no PC required.
- ★ Copy upto nine Cd's in a few minutes.
- ★ Easy to use - simply insert the required number of discs and press go.
- ★ Copy directly from disc to disc - no need to store data on a hard disk.
- ★ Copies audio, data and video Cd's.
- ★ Ability to duplicate most CD formats including both CD-R and CD-RW (650mb or 700 Mb).
- ★ Cross format duplication - copy your data from CD-R to CD-RW and vice versa.
- ★ Copy and compare option to compare the master to the copies (doesn't apply to audio discs).
- ★ Stable, consistent duplication performance - reliable performance when using quality media.
- ★ Excellent price to performance ratio - ideal for reliable low cost CD duplication.
- ★ Streamlined buffer optimisation™ - supports high speed disc to disc writing.
- ★ Auto start technology™ - no need to press go if the maximum number of copies required.
- ★ Auto format recognition™ - automatic detection and selection of master disc format.
